

FY25 Reach Out and Read Pennsylvania Sites (Dec 10 2025)

Profile

Reach Out and Read gives young children a foundation for success by incorporating books into pediatric care and encouraging families to read aloud together.

Doctors, nurse practitioners, and other medical professionals incorporate Reach Out and Read's evidence-based model into standard pediatric checkups, by advising parents about the importance of reading aloud and giving developmentally-appropriate books to children. The program begins at the newborn checkup and continues through age 5, with a special emphasis on children growing up in low-income communities. Families served by Reach Out and Read read together more often, and their children enter kindergarten with larger vocabularies and stronger language skills, better prepared to achieve their potential.

Reach Out and Read's National Impact

- Reach Out and Read Programs are located in 6,800 hospitals, health centers, and pediatric clinics in all 50 states, and the District of Columbia
- Reach Out and Read serves 4.8 million children and families annually
- More than 9 million new, developmentally-appropriate books are given to children annually
- More than 41,000 clinicians currently participate in Reach Out and Read

Programs in this State

Adams County, PA

Family First Health- Hanover
WFM Fairfield

Allegheny County, PA

AHN Pediatrics- Allegheny
AHN Pediatrics- Arcadia
AHN Pediatrics- Chartiers
